Dear Beefmaster Breeders,

It is with great pleasure and anticipation that we bring to you the 2nd Annual Springtime in Texas Sale, April, 24, 2010 at the Washington County Fairgrounds. I am extremely proud of these four breeders. They have taken their programs to new heights and the quality abound with performance and genetics. This point is evident by their recent success at various futurities and sales. The sale again will offer a pick of flushes out of some of the Breeds top donors. You will be able to pick a flush of three pregnancies out of **Sugar Pie**, the dam of Ace in the Hole, **Cathy**, the Cavalier daughter out of Cathy Lee, **Oasis 11**, the full sister to the great Oasis cow, **Marissa**, the Ace in the Hole daughter that produced the \$13,000 Bullet Proof heifer at the President's Council Sale, **Satin Lady**, the Cavalier daughter out of Silk Stockings, and **Miss South Texas**, the Spartacus daughter out of the full sister to Synergy. **You will get two heifers and one bull from which ever donor you pick.** What a great opportunity!

A pick semen lot will be offered from top Herdsires and will be on display at the sale. **The semen will be offered for sale day only at \$50.00 per unit.** You can mix and match with a five unit minimum on any one bull. This semen offer will not carry over after the sale, so place your order now! The bulls are **Ace in the Hole, Bullet Proof, Dallas, Gameday and Rio Grande.**

Mackie and Norma Jean Bounds have been breeding Beefmasters for ten years. With their purchase of the BBU Breeder of the Year herd from Terry and Faye Schell they have propelled their program to one of the top. Bullet Proof, Gameday and Rio Grande have been selected to use on the herd for separate and individual reasons. You will see and like the results.

Ronnie and Betsey Martin have been breeding Beefmasters for about thirty years. They had a master plan to use Herdsires that would produce a feminine female with that extra fancy and fertility. Houston, Havana and Sgt. Pepper have excelled this program to where it is today. They will offer their entire heifer crop from 2009.

Rick Seeker has been breeding Beefmasters for over twenty years. He has, from the very beginning, put an emphasis on muscle and performance. He was well before his time and what was important to him at the start is on all of our chores to do now. You will see the evidence of this in his cattle visually and on the performance of his cattle. His selection of Herdsires such as Conan, Scarlet's Pride and ZZ Top only enhanced his performance numbers.

JC Thompson is now a full time Rancher since he sold his Ford Dealership. He runs large numbers and his primary source of income is now his cattle. He takes his business serious and has a background in accounting. I guarantee you a "bean counter" is going to look at the bottom line. His cattle have to pay their rent or they are evicted. He has identified the donors and herdsires that make him money. We have seen this recently in his prowess at futurites and sales. Good job JC! Ace in the Hole, Rio Grande and Dallas prove their ability to pay the bills. Isn't that what is most important?

My daughter and I will sell some of our cattle with partners Mike Savage and Terry Schell. We have tried to identify the most efficient of our cattle and propagate from there. Some of these cattle are what I kept after I sold the rest. They are good cattle that will make a Cowman money! The Jazz Man bull will be a top addition to any herd. His ability to produce "show quality" cattle is tremendous. If you produce and sell show calves, this is the Herdsire for you. His dam and sire, in my opinion, are two of the best ever produced. See his calves at the sale and you be the judge.

I hope we have tempted you a little about this tremendous offering of cattle. Please join us on Friday night for fajitas and fun. This is a must attend sale. Quality like this is hardly obtainable, but Mackie, Ron, Betsey, Rick and JC have put their best foot forward. Now you can reap the rewards! See you in Brenham. Please call either myself, Anthony or Dan if we can help you!

Sincerely

A handwritten signature in black ink that reads "Mike". The letters are cursive and fluid.

## Welcome to Springtime in Texas Second Annual Sale

Everything is so green and wild flowers are beautiful. Hope you have time to be in our area and enjoy them.

We all put a lot of thought and time in our breeding programs. All of us are committed to excellence. Normally we at 4M Ranch reserve a few heifers to keep for our own herd. Not this year. We have consigned our entire spring heifer crop. Two of them will stay at home as they are too young to put in a sale. We like this heifer crop a lot and hope you will too. Would love to see you at the sale. Again , we would like to thank Doyle Dahmann, our ranch manager for the countless hours he put in, not just the cattle, but he handles all the farming aspects of our operation. Thanks, Doyle, our hats are off to you.

*Betsy and Ronnie Martin*

**4M**

I would like to personally invite you to our Second Springtime in Texas Sale here in Brenham. For the few of you that have not been to this area, we are known for our Blue Bell ice cream, bluebonnets, antiques, spring flowers and after last years' sale our cattle.

Last years' sale averaged 3900. This year after the great rains we had this winter and early spring the sale and the cattle will be even better than last. The performance data will be on the cattle again this year. This data is a very important part of the Beefmaster's future.

This year again we will have flushes out some of the best donors in the breed. There will be semen from bulls that are changing the breed and that could help you change your herd.

There are cattle in the sale that any buyer will find to help his or her herd from opens, breds, pairs and herd sires.

My lots bring you matings from Cavalier, Cathy Lee, Ace in the Hole, Tiger Queen, Soul Man, Black Magic, Bullet Proof, ZZ Top, Grand Cherokee and Havana.

Once again there will be great food, refreshments, music, dance, and of course Blue Bell ice cream Friday night. The sale will be at 10:30 Saturday, April 24th. Come join us for a great time, a wonderful community and its' beauty and most of all a tremendous set of cattle.

Call any of the hosts and we will be glad to assist you on directions, motels or questions about the cattle. See you there.

Dear Beefmaster Friends and Guests,

It is again with great anticipation and pleasure that we invite you to our second production sale. We have been hard at work since last year to improve and prepare this sale and we hope that it will surprise and delight.

This year we are holding true to what we started last year in bringing the best from the very heart of our breeding program. We offer seven (7) Dallas daughters some out of our donor battery, four (4) Ace in the Hole daughters, and twelve (12) daughters out of our donors. These will be highlighted by four (4) Sugar Pie daughters (dam to Ace in the Hole) from three different matings.

Ace in the Hole offspring have had a tremendous year on the show circuit. From JBBA to the Open Haltered Show in Houston last month. Both sons and daughters alike have been at the top of each class they have competed in and have advanced to reserve and grand champions. The National Beefmaster Bull Championship in Tunica this year was out of an Ace daughter owned by the Emmons and the reserve Champion was an Ace son. An Ace son was the Grand Champion at the Houston Futurity and Classic Sale.

Dallas just keeps on stamping out his impression on females and bull calves. The length of neck, square hip, clean front-ends, clean underlines, overall body length and straight tops are so consistent in his progeny; you can just pick them out in a pasture full of babies. One of his daughters won the National Miss Beefmaster American Futurity 2009.

Be looking for more Rio Grande calves in the future, they are coming and they are really good. Performance will be a big part of what you see out of him and it will be OUTSTANDING.

Just a heads up, "Who Dat" will be on display. Born January 15,2009 BW 65, AWW 743. He weighed in at 1270 pounds and had a 40 cm scrotal at 13 months of age and won his junior class in Houston this year. He is a 15 month old junior herd sire that Circle J and T5 own jointly. A son of Sugar Pie and Black Bayou. If you are looking for that next solid red semen sire, he will be here for you to check out. He is being collected at EBS currently.

We will have all the scan data on our cattle available at the sale, so come and be a part of this weekend and buy with confidence. We will be most thankful and appreciative.

Bullet Proof and Sugar Pie. What a combination! If you don't like these fancy young darlings, you just don't like Beefmasters. Sugar Pie has defined her maternal skill with progeny of both sexes that have excelled in the show ring and in the pasture. What a great legacy to be able to produce both. Mike once told me that Trent Cromer sold her first 4 calves of a flush as a virgin heifer for over \$200k. Times are different now, but the quality is still the same and in the end that is what counts. See if you can pick the best one. I will probably keep the other one.
