Dear Beefmaster Breeders,

You are all cordially invited to our Carr and Others Fall Program Friday afternoon 10/10/25 and sale on Saturday morning 10/11/25 at our Wilson County Division eight miles West of Floresville, Texas, on Highway 97 in our comfortable cattle sale facility.

This will be our second year to conduct this sale without Bill. Our “crew”, Mike & Cheryl Redding, Luis Ayala, and our son Kirk have gone above and beyond to put together our sale offering and I know Bill would be proud of their efforts and results. Our other “crew”, Anthony & Harriet Mihalski and Anthony, Junior have made this whole sale process possible.

Our continuing objective in conducting this sale event is not only to provide the opportunity to buy quality, functional cattle from eight long standing programs that have served BBU in many capacities and earned numerous awards over the years, but to educate, entertain, provide some good meals and an opportunity to socialize in a very comfortable environment.

Our sale cattle are developed on grass pastures and should be so evaluated.

This year’s record breaking period of heat and extreme drought at our operations adversely impacted our weights and sonogram carcass evaluations, but not our genetic advantages. All of the pictures of cattle in this catalog were taken in August in pasture condition.

Our longtime seedstock guest consignors this year will be: Joe & Beverly Wittenburg, Dave & Cheri Moore, Bob & Bonnie Siddons, Tony & Karen Psencik, Tyler & Wesley Gwosdz and Dr. Jim & Pam Colvin.

We are again very fortunate to have excellent speakers for our Friday afternoon educational program. They and their topics are:

Dr. Joe Paschal, “Back To Basics”: A brief revisit of the factors that support production, drive profitability and sustain a beef production enterprise. Assuming record high prices equate to exceptional profitability, what are some opportunities for improvement worth considering?

Dr. Rick Machen, “What Lies Just Ahead?”: A look at the drivers of record high beef industry prices and factors that will influence these drivers in the near future.

Dr. T.R. Lansford, III, DVM, “New World Screwworm (NWS) Update & Information About Screwworm”: NWS has rapidly re-established itself in Central America and Mexico since 2023. Dr. Lansford will provide information on what NWS are, potential impacts if they reach the U.S., some clinical considerations and management, updates on the situation in Mexico and updates on preparedness and response efforts to date.

Dr. Lance Bauer, BBU Executive Vice President: “BBU Updates”.

Live bidding will be available through DV Auction for those not able to join us at the sale facility. See the catalog for further details or contact the sale managers, or Luis Ayala, Hilltop Ranch (956/231-7131), Jon Garza, Director of International Programs for BBU (512/517-5163) or Noe Lopez (956/639-3929) for assistance. Those last three named speak fluent Spanish.

We will do everything reasonably possible to accommodate your needs and satisfy you with your purchases.

I am looking forward to visits and hugs with all my Beefmaster friends, both old and new I’ve missed since Bill’s passing.

Cordially,

Bill & Dusty Carr

Dear Beefmaster Breeders & Friends,

Over the past several decades there have been several individuals who have truly made a difference in the Beefmaster breed. I would argue that none have been more important to the association, or to the breed of cattle, than Bill and Dusty Carr. The Carr's have been awarded every prestigious award this association has, including "Breeder of the Year," and "Hall of Fame," they have been deserving of all as they have given so much of themselves.

The 2025 sale offering, better than ever - 90 total lots:

Lots 1 through 40 are bred and produced by Bill & Dusty Carr. These cattle are measured, tested, and measured again using proven genetics including elite bloodlines from across the breed. These cattle are loaded with pedigree and performance, the best of the best!

Bill & Dusty Carr: 3 Picks of Spring Calving Heifers
 22 Spring Calving Heifers
 15 Yearling Open Heifers
 3 Fall Calving Heifers

Guest Consignors: 4 Three-In-Ones & Pairs
 21 Bred & Calving Heifers
 10 Open Heifers
 2 Registered Open E6 Heifers.
 6 Beefmaster x Beefmaster. Bred to Red Angus bulls
 8 Registered Beefmaster heifers. Bred to registered Beefmaster bulls

Guest consignors:

Joe & Beverly Wittenburg, Tony & Karen Psencik, Bob & Bonnie Siddons, Tyler & Wesley Gwosdz, Dr. Jim & Pam Colvin, Dave & Cheri Moore, Nolan Ryan, and Skeeter & Dora Schneider have brought their very best.

This includes the strongest group of three-in-ones and pairs.

The bred heifers are extremely well bred to the newest exciting sires.

The open heifers are fancy and carrying the newest and best genetics available.

This year at the conclusion of the seedstock sale, we will sell 16 head of bred heifers in groups of 2's and 3's. Please see the catalog and video for complete information. These heifers are from Bob Siddons, Nolan Ryan, and Skeeter & Dora Schneider.

While reviewing this catalog, note that Bill & Dusty Carr and the others have provided us so much meaningful, factual, and useful data to aid in your selections. All performance weights, sonograms, pelvic area measurements, classifications, and EPD's are up to date and included.

The information provided on these cattle will be as complete as you will find anywhere. Please call for questions or information. We look forward to seeing you.

Sincerely,

Anthony J. Mihalski & Mike Green

**[CLICK HERE FOR A SPECIAL
VIDEO WELCOME](#)**

SPRING 2026 CALVING HEIFERS

To get a maximum lifetime production out of our cows they need to begin calving around two years of age. To calve as two year olds, adequate pelvic size is critical and is one of the objective evaluations we take and utilize before breeding our yearling heifers. All 25 of our heifers in this section were bred as yearlings and are scheduled to calve close to two years of age. They will start calving mid February to early March. We have a vet. do sonogram pregnancy determinations on our A.I.'d and natural service exposed females to determine with certainty whether females we sell as bred are pregnant to the A.I. bull or to the clean up bull, and in so doing at the appropriate time, the sex of some of the carried calves can be determined.

Lot 1A

PICK OF SPRING CALVING HEIFERS

Lots 1, 2 & 3 are listed as picks. Dusty Carr is offering the very best of their genetics throughout the entire offering, but also wants to retain some of the very best. The buyer will have their pick of the lot and Dusty will likely keep the other. Please study the looks, pedigree, but especially the performance and scan data on these 6 outstanding heifers.

YEARLING OPEN HEIFERS

All of these heifers were born in the Spring of 2024 and grown only on forages. A variety of genetics are offered in these heifers. All of them were intentionally kept open to enable us to offer open virgin heifers this time of year. All of these are ready to breed as soon as it fits your program. All have recently been cycling.

GWOSDZ BEEFMASTERS

2G

After being raised around their family's farm and commercial cattle operation their entire life, brothers Tyler and Wesley Gwosdz very quickly discovered a love and passion for the same type of lifestyle. Because of this, Gwosdz Beefmasters was established in 2008.

Since that time, we have steadily grown our mature cow herd to our current inventory of 70 head. Out of this, half are registered Beefmaster cattle, and the other half consists of commercial females utilized as recips. We do our best to stay at the forefront of the industry by extensively utilizing reproductive technologies such as IVF, ET, and AI in our program. We also strive to purchase herd bulls that we feel will complement our cow herd as well as make a positive impact on the breed as a whole. Our active herd sire battery includes CF Unrivaled, CF High Tide, CF Brenham's Britches, and Knockout.

Throughout our years in the Beefmaster breed, we have met and become friends with countless remarkable people. We also have been blessed with many honors and awards. Some of our most notable awards include being named 2014 LOBBA New Member of the Year, 2014 STBBA New Member of the Year, and 2019 LOBBA Performance Breeder of the Year. We are also very grateful to have produced and sold the Grand Champion Female in the 2018 LOBBA Spring Sale, the Reserve Grand Champion Female in the 2020 Miss South Texas Buccaneer Classic Pageant, and the Reserve Grand Champion Female in the 2021 Houston Futurity and Sale. None of these achievements would have been possible without the valuable lessons we have learned from our peers in this outstanding breed.

We are beyond honored and excited to be invited back by the Carr family to be a part of their premier sale event for our fifth straight year. Our first four years being involved were most definitely four that we will never forget. As before, we are committed to bringing some of the absolute best we have ever produced.

2G Isn't She Divine is without a shadow of a doubt within the conversation of being one of the most complete and highest quality donor prospects that we have ever offered for sale. This outstanding female not only represents a near-perfect blend of femininity, angularity, and pure class, but complements that with a pedigree to match. She is not only a direct daughter of breed great, Bravado, but also the first female to sell out of 2G Oasis Divine, an incredible young donor who represents the future of our program. As icing on the cake, she will sell 3 months safe to CF Industry, C1149962. Conceived 1st AI on 7-18-25.

PICK OF BRED HEIFERS

In the spirit of doing something special this year, we have decided to offer 2G Prime Divine and 2G Divine Beauty as a pick of bred donor prospects. We couldn't decide which of these flushmate sisters were better, so we figured it was best to let you, the buyers, decide. No matter if you're drawn to the extreme bone, stoutness, and sogginess of A or the ultra-refined and sleek, dark red look of B, you truly cannot go wrong here. As direct daughters of current breed superstar, Prime 8, and 2G Oasis Divine, the same premier donor that produced the previous lot, 2G Isn't She Divine, you have exclusivity at its finest. If that wasn't enough, both will sell 3 months bred to CF Bravado, C1073659. Conceived 1st AI on 7-19-25.

PICK OF BRED HEIFERS

Sure to capture the attention of many, this outstanding pick of bred donor prospects are the epitome of the quality of female that we strive to produce. These two females have been ranch favorites since the day they hit the ground. Whether you desire the dark red color, perfect lines, and extreme angularity in A or the great rib shape, huge top, and extra powerful design in B, this is a no-miss pick. Couple this with being daughters of Bravado and Sweet Clementine, quite possibly the most exciting and promising female in our entire program whose first three daughters sold commanded a very impressive \$29,000 average, and you have yet another opportunity at a couple true donor prospects to build a herd around. For added value, both sell 3 months bred to CF Industry, C1149962. Conceived 1st AI on 7-18-25.

2G Unrivaled Beauty is exactly what her name describes. She puts together a near-perfect blend of femininity and maternal design with the added width and power that we absolutely love. Combine this with being the first female that we have offered for sale out of Unrivaled, the Overall High Grading, \$82,000 High Selling Fall Bull at the '22 Collier Farms Performance Bull Sale, and 2G Infinite Beauty, one of our oldest but most prolific, best producing donors, and you have a shot at one of the most exciting females we've ever produced! In addition, she sells 3 months bred to CF Bravado, C1073659. Conceived 1st AI on 7-18-25.

Lot 46

2G Unrivald Obsession has all the phenotypic traits that we love to see in classic Beefmaster beauties. Stout featured from the ground up, this absolutely gorgeous female still flawlessly finds a way to blend in a beautiful front end, perfect lines, and extreme angulation in a package destined for someone's ET program. Out of 2G Brenham's Obsession, one of the younger cows in our program who's showing a ton of promise, this female is just another example of the sheer quality that we have come to expect from Unrivald. On top of that, she sells 3 months bred to CF Bravado, C1073659. Conceived 1st AI on 7-19-25.

LOT 47 -----BRED HEIFER

Lot 47

As a maternal sister to the dam of the previous lot, 2G Unrivald Tigress is another example of a true power female in the making. This heifer stands on ideal bone, possesses great rib shape, and is extra shapely through her top and hip design. Combine this with being a daughter of Unrivald and Tiger's Obsession, a female who previously produced the Reserve Grand Champion Overall Female in the 2020 Miss South Texas Buccaneer Classic Pageant as well as one of the high selling lots in this exact sale in 2023, and you have a no-miss package! To top it off, she sells 3 months bred to CF Bravado, C1073659. Conceived 1st AI on 7-20-25.

For just the second time ever, due to the overwhelming demand we have continued to experience, we have decided to offer another exclusive opportunity at semen on our herd sire, CF Unrivaled. Representing our acquisition from the 2022 Collier Farms Performance Bull Sale, we believe this Overall High Grading, \$82,000 High Selling Fall Bull may just be the bull the breed has been waiting for. Study him from the ground up... Big footed, massive boned, well angled underline, smooth shouldered, and cool fronted but wrapped together in a true power herd bull look all while, at the same time, maintaining the overall design and balance needed to produce the type of progeny the industry is demanding. Now study his four daughters just in this sale alone... ultra-consistent in their design, feminine, angular, and refined but blended with plenty of natural width, dimension, and overall power. Currently we are extensively utilizing him in our ET and AI programs with great success, and his first two calf crops have simply blown us away. We are offering an EXCLUSIVE OPPORTUNITY at a VERY LIMITED amount of semen. Don't hesitate as these packages may not last long! All semen is stored at Elgin Breeding Service.

5 straw packages @ \$1,000/package. Packages will include 5 certificates.

DIAMOND M RANCH

Diamond M Ranch has been raising Beefmaster cattle in Live Oak County since being established in 1971. We currently run an average of 250 cows along with 100 yearlings. Maintaining a strict culling process where only the top producing cows are kept in the herd has led to some top awards that have recognized our successful efforts. Currently we are using A.I. and Embryo Transfer as well as scanning all our yearlings to achieve even greater producers in our herd. Most of our cattle are sold private treaty to longtime repeat customers. Visitors are always welcome.

Some of our most recent awards include: LOBBA Breeder of the Year, 2023; LOBBA Spring Showdown Grand Champion, 2023; STBBA Miss South Texas Grand Champion, 2023; STBBA Miss South Texas Champion Bred, 2024 and STBBA Grand Champion Female Houston, 2023.

Dave and Cheri Moore have lived on the Diamond M Ranch for 40 years and are blessed to have raised their 3 children in such a great country lifestyle and community. We are thankful for all the amazing friends and families we have acquired through being a part of this great Beefmaster breed and looking forward to making new friends in the future.

We would especially like to thank Bill and Dusty Carr for including us in their prestigious sale as well as the many years of friendship we have shared with them.

SIDDONS BEEFMASTERS • ARROWHEAD RANCH

Siddons Beefmasters was established in 1979. We started with 24 open heifers, 1 Bull, one horse, one trap, one 1100 acre pasture, one helpful neighbor, one rudimentary set of pens and one scale. A lot has changed in our operation, but the scale has always been our guide. Our entire program for over 30 years has been based on performance. We are the only participants in the annual McAllen Bull Gain test to have won in three consecutive years and this was accomplished with three entirely different pedigreed calves. We have also been honored with the 2005 BBU Environmental Award for our Stewardship of the land. This year we were honored with the first BBU "Bill Carr" Member of the Year and Bonnie was named Cattlewoman of the Year.

We have been honored with the STBBA Performance Breeder of the Year Award, First Place Graded Pair to the 2011 Fall Live Oak Sale, the Grand Champion Three-In-One in the Pair/Three-In-One Futurity, 2015, and most recently the first Galveston heifer to sell was at side of the Grand Champion in the 2019 Live Oak Beefmaster Breeders Association Perfect Pair/Three-In-One Futurity. Our philosophy has been that it takes pedigree to get to the Arrowhead Ranch, but it takes performance to remain at the Arrowhead.

Many thanks to Bill and Dusty for including us in their prestigious sale!

JOE & BEVERLY WITTENBURG

JW

Wittenburg Beefmasters, started by my dad, became a BBU member in 1968 and in two years became a Lifetime member.

The ranch has a little over a thousand acres and we normally run 150 mother cows and retain 25 open heifers and 25 yearling bulls.

Our yearly rainfall is about 40 inches. We purchase all our hay and graze the whole ranch. The pastures are divided into 40 acre traps and are rotated as needed. We still use Weights & Measures on our ranch.

I became a BBU member along with dad in 1968, and have always been involved in all our herd decisions. I am proud to continue with the Wittenburg program (always missing mom and dad).

It is a great honor to be in the sale with Dusty Carr.

Fusion crossed on Dream Catcher with a 12 milk EPD and solid red. That's about all you need to say, except why is he selling her? I haven't figured that out yet. Safe to our bull we call Maidens Playboy, C 1163384 who is our of Polled Playboy and So-lution x Diamond Maiden. this bull is siring a good number of polled calves on horned cattle.

If would be hard to add more pedigree to this one! If you have a bull you want to prove, this is the kind you breed them to!

COLVIN BEEFMASTERS

Dr. Jim Colvin has been a member of BBU since 1993 and has served on numerous BBU committees since joining the association. He has also served on the BBU Board of Directors and the South Texas Beefmaster Breeders Association (STBBA) Board of Directors and served as STBBA president for numerous years. Colvin Beefmasters has also been awarded the STBBA Conservation Award. Overall, Colvin has been involved in various aspects of Beefmaster Breeders United, from sales to Whole Herd Reporting and from field days to satellite involvement. He also received the BBU Member of the Year award in 2021.

PSENCIK BEEFMASTERS

We would like to thank Bill and Dusty for inviting us back another year.

Psencik Beefmasters was established in 1987. We bought our first Beefmaster when we started as a hobby but our love for the breed grew into a business and we have loved every minute of it. Getting to know so many wonderful people we call "Beefmaster Family". In 2003 we entered two bred heifers in the San Antonio Rose Classic Sale and they both won Grand Champion and Reserve Champion. That was the most exciting moment for us. So much love and hard work had gone into it. We have won several awards since that day and we are working hard to do better every day.

We have been married 46 years and have two grown sons and two grandsons.

K LOT 72 ----- PAIR

NAME: PSENCIK SHE'S A LADY 911
BRAND: 911 **BREEDER:** JOHN LONG
BBU NO.: C1168949 **BIRTH:** 8/12/22
COLOR: Red **DNA:**

If you would like to own a great pair, this is the one I believe you would want. Plus, as a bonus it's out first heifer calf to sell out of SWB Yellowstone. Look at the cow's EPDs, a great REA of 11.92, \$T of 108.37 and \$M of 19.04. Then, look at the calf's \$T of 113.28 and \$M of 21.87. The sire of this calf has an REA of 14.27, IMF of 3.410, \$T of 126.66 and \$M of 25.28. This should be a great heifer calf. Lifetime Member.

NOLAN RYAN RANCHES

N-R

LOTS 81-90 -

10 head of bred E6 Beefmaster x Beefmaster heifers, 20 to 22 months of age. Due to start calving in early February. Bred to low birth weight Beckman Red Angus bulls. As pairs and breds these cattle have been top sellers in the National E6 Sale as well as other replacement female sales. All have been selected for the 6 essentials of the Beefmaster breed. These heifers are all out of cows that go back for generations in our herd. Will be sold in small groups.

Terms and Conditions

BIDDING: Each animal will be sold to the highest bidder without reserve.

BIDDING DISPUTE: The Auctioneer in charge will settle any dispute as to bids, and his decision on such matters shall be final.

CASH SALE: All sales are for cash unless satisfactory credit arrangements, including any possible reservation of security interest by the seller, have been made with the seller prior to sale. The failure of a member buyer to pay the appropriate party the sale amounts when due may constitute a cause for exclusion from BBU pursuant to Article I, Section 10 of the BBU Bylaws.

BUYER'S RISK AT THE TIME OF SALE: The risk of loss and injury of each animal passes to the buyer as soon as it is sold; however, it is the obligation of the seller to ensure that sold animals are fed and cared for free of charge to the buyer until loaded for shipment.

CERTIFICATES OF REGISTRATION: A transferred certificate of registration must be furnished by the seller free of charge to the buyer for each animal within **45 days** following the later of either the date of sale or upon the receipt of full payment.

HEALTH GUARANTEES: Unless otherwise announced, the seller guarantees that all animals are eligible for interstate shipment as required by applicable federal and state regulations.

ANNOUNCEMENTS: If there is any inconsistency in information in terms of the sales materials (e.g. sale catalog, supplemental sheets, sale day announcements, 1) sale day announcements will control over both the supplement sheet and the sale catalog, and 2) the supplement sheet will control over the sale catalog.

IDENTIFICATION RESPONSIBILITIES: 1) Prior to the sale, the seller must ensure that each animal has a readable permanent identification mark (tattoo, hot-iron brand or freeze brand) corresponding to its registration identification and 2) The buyer must check all permanent identification marks for accuracy upon possession and report any discrepancies to the seller immediately.

ARTIFICIAL INSEMINATION (AI) CERTIFICATES AND EMBRYO TRANSFER (ET) BILLS OF SALE: AI certificates and ET bills of sale will be the responsibility of the seller.

CONFORMANCE WITH REGISTRATION GUARANTEES: 1) The seller guarantees that all sold animals are registered in accordance with the rules of BBU and 2) The seller guarantees to the buyer that all sold animals conform to the registration certificate as entered in the Herd Book of BBU.

OFFICIAL BBU INFORMATION: All existing available official BBU information, including calf source, service sire and/or potential service sires (registration numbers) and performance data must be included in the final sales catalog.

PEDIGREE, PERFORMANCE AND GENETIC INFORMATION GUARANTEES: The seller guarantees to the buyer that: 1) the pedigree, performance data and genetic information, as represented in any sales materials (including sale catalog, supplemental sheet or sale day announcement), are accurate; and, 2) all information from the BBU database is accompanied by an accurately stated "as of" date. The absence in any sales materials of a specific designation on the pedigree of an animal does not establish that the animal in question is not a carrier of such genetic defect.

BREEDING GUARANTEES:

1) The seller guarantees that all animals are breeders, with the exception of: (a) calves under 12 months of age at the time of the sale; (b) animals shown after the sale has occurred (in such cases, the breeding guarantees, if any, will be those guarantees as are agreed upon between the seller and the buyer); (c) animals who suffer injury or disease following the sale; (d) animals administered any super ovulation drug or growth hormone after purchase; and, (e) animals subjected to gross negligence by or willful misconduct on the part of the buyer.

2) Bulls eighteen (18) months or older are guaranteed by the seller to have passed a Bull Breeding Soundness Evaluation (BSE) and to have been certified a satisfactory potential breeder by a licensed veterinarian within forty-five (45) days prior to sale date. Results of the BSE must be reported on a fully completed official form and attached to the health papers required for the sale.

3) If within one-hundred twenty (120) days from the date of sale, the bull has failed to pass a BSE certified by a licensed veterinarian, buyer must send seller written notification of the failure of the test within one-hundred and twenty (120) days from the date of sale and include the BSE test results. Within sixty (60) days after sellers notification of the failed BSE test, buyer and seller shall identify a mutually agreeable licensed veterinarian or technician certified by a licensed veterinarian to perform another BSE on the bull at the buyer's expense. The results of the test shall be deemed final and conclusive of this matter and binding on buyer and seller. If, in the opinion of said veterinarian or technician, the bull is unable to pass a BSE and be confirmed a satisfactory potential breeder, he shall so certify in writing to the seller and the buyer which shall include the official form used by the Society of Theriogenology or the official BBU BSE form. In such event the buyer may return the bull to the farm of seller, provided the bull is in good condition and in compliance with the health requirements of the seller's state, for a refund of the full purchase price. The acceptance of the refund of the full purchase price shall in any case be deemed full satisfaction and settlement of the matter. The seller and buyer shall bear equally all reasonable and necessary transportation expenses that are incurred in returning the animal to seller. **Unless otherwise agreed by the buyer and the seller, the seller makes no guarantees with respect to the ability to freeze semen.**

4) Females younger than twenty-four (24) months of age can be sold as open. Females sold as open are guaranteed by seller to be open. Any female is considered a breeder if she is certified to be pregnant by a licensed veterinarian at the time of sale and/or has a nursing calf at side with no further fertility guarantee. Cows (including donor cows) with calves at side six (6) months or older must be certified to be pregnant by a licensed veterinarian.

5) "Safe-in-calf" females are guaranteed by the seller to have been examined by a competent veterinarian or reproductive technician and determined to be safe-in-calf by examination or other proven method (e.g., ultrasound, pregnancy blood tests, and rectal palpation). "Served" females are not guaranteed to be in calf. "Exposed" females have been exposed but are not guaranteed to be in calf. "Open" females are guaranteed by the seller to be without calf.

6) A Donor female (unless otherwise agreed by the buyer and the seller) is a female: (a) that has been used in an embryo transfer program and shall not be guaranteed to be a breeder after the date of the sale, (b) that is not guaranteed to be a breeder after the date of the sale, when that female is to be used, or attempted to be used, in an embryo transfer program.

7) The seller makes the following guarantees with respect to all "pregnant recipients": (a) that the female is pregnant, (b) that the resulting calf is of the pedigree represented, and (c) that the resulting calf is of the sex represented (if so represented).

FLUSHES AND TIME REQUIREMENTS: A flush consists of all viable embryos, transferred or frozen, received from a female as the result of the administration of any super ovulation drug. The sale of a flush or resulting pregnancies must specify in the sale catalog the number of pregnancies guaranteed by seller and the disposition of any other pregnancies resulting from the flush, the disposition of any frozen embryos resulting from the flush and any additional charge for the recipient cows. The maximum time for the delivery of the guaranteed results must be specified along with a payment schedule. Non-delivery or only partial delivery by the specified time by the seller will result in a pro-rata refund of all monies paid by the buyer for such flush or pregnancies not delivered.

DISCLOSURE OF PRIOR PROCEDURES: The seller must disclose in the catalog or from the block any circumcision or other surgical alteration of any underline of any male or female known to the seller and of any single egg or super-ovulation flush of any female known to the seller.

SEMEN: Unless otherwise agreed by the buyer and the seller (with respect to the sale of semen), the seller makes no guarantees with respect to the performance or characteristics of such semen and the buyer is purchasing such semen "as is."

EMBRYOS: Embryos being offered for sale will be sold "as is" unless the seller provides additional guarantees.

CLONES: Only BBU replication cell-cloned animals shall be eligible for registration and eligible to sell. Genetically modified animals shall not be eligible for registration and cannot sell. Cloned animals shall be guaranteed by the seller to be breeders under the same terms of the agreement for females and bulls. Any additional guarantees with respect to clones shall be by separate agreement between buyer and seller.

NO SEX GUARANTEES: There are no representations as to the sex of offspring unless the seller makes a specific guarantee that offspring will be of a particular sex.

DISCLOSURE OR RETENTION OF GENETIC MATERIALS: If seller retains any genetic materials of an animal being sold that can be used for cloning, the seller must disclose such fact to any potential buyers prior to the sale.

PRIVILEGES OF RETURN OR ADJUSTMENT OPTIONS:

1) With the exception of any applicable transportation expenses described herein, a seller shall never be liable to a buyer for an amount greater than the original selling price of any animal sold under these Sales Terms and Conditions.

2) Unless otherwise stated, all claims for adjustment or refund must be made in writing to the seller within 180 days following the sale of the animal in question.

3) If an animal is claimed to be a non-breeder, the animal may be returned to the seller if it is in good condition and complies with the health requirements of the seller's state. At the option of the buyer, the seller may issue a credit to the buyer for use in a future purchase or provide an animal of equal value subject to the approval of buyer. If the buyer exercises either such option, the claim shall be deemed fully and satisfactorily resolved. However, in the event that the buyer requests a refund of the purchase price, the seller may, at its option, either issue a refund of the full purchase price or, shall have 180 days from the date the animal is returned to the seller's farm to conduct a trial to demonstrate the returned animal is a breeder. Refund of the full purchase price or demonstrated proof that the animal is a breeder during the test trial shall be deemed full satisfaction and settlement of the claim. Any expense incurred for transporting an animal claimed to be a non-breeder will be the responsibility of the buyer, except that the seller will be responsible for transportation costs in excess of the distance between the buyer's farm and the location where the sale took place. If the seller proves the animal to be a breeder, it will be the obligation of the buyer to take delivery of the animal and pay all transportation expenses.

4) If a female sold as "safe in calf" proves not to be in calf, the seller must make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be in writing to the seller within 180 days of the sale of the animal in question.

5) If a female represented as "safe in calf" to a certain bull at the time of sale proves to have been bred to a different bull, the seller must make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller within 180 days of the birth of the calf.

6) If a female sold as "open" proves to be with calf, the buyer may return the animal to the farm of the seller prior to calving for a refund of the full purchase price or for another animal of equal value, whichever is acceptable to the buyer. Seller is responsible for all transportation expenses.

7) If an animal is sold and subsequently becomes ineligible for registration under the rules of BBU for reasons other than incorrect parentage, the seller must make a satisfactory adjustment on the purchase price to the buyer, or at the option of the buyer, refund the purchase price upon the return of the animal to the farm of the seller.

8) If an animal (including the offspring of a pregnant recipient) is sold and through parentage verification is proven to have incorrect parentage, as represented by the animal's certificate of registration, and for which correct parentage can be determined, the seller is obligated to make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon the return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the second anniversary of the date of the sale.

9) If the resulting calf of a pregnancy is not of the sex represented at the time of the sale, the seller is obligated to make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon the return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the first anniversary date of the sale.

10) Unless stated otherwise, all transportation expenses incurred will be the responsibility of the buyer, except that the seller will be responsible for transportation costs in excess of the distance between the buyer's farm and the location where the sale took place.

GENETIC DEFECTS AND FACTORS; REQUIRED DISCLOSURES RELATING TO CERTAIN TEST RESULTS OR POTENTIAL CARRIER STATUS OF AN ANIMAL:

1) In advance of any sales of an animal, the seller shall have the affirmative duty to notify any potential buyer of any test results in which an animal for sale has tested positive (under a test and at a laboratory approved by BBU) as a carrier of any genetic defect or genetic factor recognized by BBU.

2) The seller guarantees that a bred female will not produce a calf with an inherited deformity occurring in Bovine for a period of nine months following date of sale.

MISCELLANEOUS:

1) The above terms and conditions of sale constitute a contract between the buyer and the seller and are equally binding upon both parties. Each sale or resale of an animal constitutes a separate transaction.

2) Neither BBU nor any director, officer, employee or representative of BBU or any of its related entities shall be liable in any way with respect to a transaction conducted under these Suggested Sales Terms and Conditions; nor shall BBU, its directors, officers, employees or representatives be responsible in any way for enforcing the terms and conditions of any agreement between a buyer and a seller. Each buyer and seller agree to hold BBU, its directors, officers, employees, representatives and related entities harmless from all damages, expenses, claims, losses and other liabilities associated with a transaction conducted under these Sales Terms and Conditions.

3) No sponsor, sale manager, or other person connected with the management of a sale shall be liable in any way with respect to transactions conducted under these Sales Terms and Conditions.

4) These sale terms and conditions and all rights, obligations and duties arising hereunder and all disputes arising hereunder will be construed in accordance with, and governed by, the laws of the state in which the sale occurs, without giving effect to such state's choice of law rules.

5) **UNLESS OTHERWISE EXPRESSLY STATED IN THESE SALE TERMS AND CONDITIONS OR ANY OTHER WRITTEN AGREEMENT BETWEEN THE PARTIES RELATING TO THE SALE OF BEEFMASTER, BEEFMASTER ADVANCER, E6 OR UPGRADING CATTLE UNDER THESE SALE TERMS AND CONDITIONS, SELLER MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, EVEN IF SUCH PURPOSE IS KNOWN TO THE PARTIES. THE REMEDIES PROVIDED IN THESE SALE TERMS AND CONDITIONS ARE THE EXCLUSIVE REMEDIES OF THE BUYER, OR ANY PARTY CLAIMING THROUGH THE BUYER, AND UNDER NO CIRCUMSTANCES WILL THE SELLER BE LIABLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL, CONSEQUENTIAL, PUNITIVE OR EXEMPLARY DAMAGES UNDER ANY INDEMNITY PROVISION OR OTHERWISE.**
